Rationale for the Programme of Work 2024-2025

1. Decision IG.25/19 “Programme of Work and Budget for 2022-2023”, adopted by the 22nd Meeting of the Contracting Parties (COP 22) in December 2021, in Antalya, Türkiye, mandated the Secretariat to prepare, in consultation with the Bureau, for careful consideration by the MAP Focal Points and, after further refinement, approval by COP 23 a result-based Programme of Work and Budget for 2024 - 2025, explaining the key principles and assumptions on which it is based and taking into account the progress achieved during the implementation of the 2022-2023 Programme of Work, providing information on the consultation process followed for its preparation, and in full alignment with the MAP Medium-Term Strategy (MTS) 2022-2027.
2. It further requested the Secretariat, in consultation with UNEP Headquarters, to explore possible ways of simplifying the structure of the Programme of Work and Budget to ensure that Contracting Parties have a clear understanding of the priorities and the relationship with the MTS when adopting the budget.
3. In line with this Decision, the 2024-2025 Programme of Work (PoW), being in the middle of the new MTS cycle, was designed to ensure its continued effective implementation and achievement.
4. Its preparation takes into consideration the following elements:
 - a. Full alignment with the MTS 2022-2027;
 - b. Status of implementation of the MTS 2022-2027 and current PoW 2022-2023;
 - c. Reliable resource mobilization (including also not yet secured external funding);
 - d. Relevant regional and global commitments;
 - e. Regional progress and achievements on environmental and sustainable development agenda in the Mediterranean;
 - f. Comparative advantages;
 - g. Balanced distribution, to the extent possible, of activities around MTS Programmes and Outcomes.
5. The 2024-2025 PoW is built around 27 Outcomes to be delivered through the implementation of 104 main activities, distributed over the MTS Programmes as shown below:

MTS Programmes	Number of Outcomes (MTS)	Number of Activities
Programme 1. Towards a Pollution and Litter Free Mediterranean Sea and Coast Embracing Circular Economy	4	22
Programme 2. Towards Healthy Mediterranean Ecosystems and Enhanced Biodiversity	4	8
Programme 3. Towards a Climate Resilient Mediterranean	4	5
Programme 4. Towards the Sustainable Use of Coastal and Marine Resources Including Circular and Blue Economy	4	15
Programme 5. Governance	5	22
Programme 6. Towards Monitoring, Assessment, Knowledge and Vision of the Mediterranean Sea and Coast for Informed Decision-Making	3	20
Programme 7. For Informed and Consistent Advocacy, Awareness, Education and Communication	3	12
TOTAL	27	104

6. In response to the request of COP 22, on the potential simplification of the PoW structure, the Secretariat aims at maintaining the list of deliverables in the PoW Tables until their review and approval by the MAP Components/Thematic Focal Points meetings, while the working document to be submitted to the MAP Focal Points and COP 23 for review and approval will go up to the level of main activities and present the list of deliverables only as information document. To address the request of COP 22 to strengthen RBM, the activities have been further aggregated and their number reduced from 116 in PoW 2022-2023 to 104 in the PoW 2024-2025.
